Council OKs Employee 2½% Pay Hike

City employees, who had asked for at least a one-step (eight per cent) pay increase, were granted a two and a half per cent raise by the city council Wednesday night.

Action by councilmen, who reversed their original stand refusing any increase, followed reading of a new recommendation by the city personnel commission.

The salary raise will be incorporated in the $1,200,850 budget without a hike in the tax rate of $1.48 per $100 assessed valuation. Both the budget and the tax rate were approved at the public hearing Wednesday night.

City Manager Howard Stites explained that the approximately $14,000 needed for the pay increase could be gained in four ways. They are:

Public Utilities

1. Raise in the public utilities tax role will provide an additional revenue of about $5500.

2. The city will budget this year for a two per cent deficiency in tax collection rather than three per cent. Stites said that last year the deficiency was only about one per cent. He said this would provide approximately $4000.

3. Some monies may be taken from the unappropriated reserve fund of $21,000.

4. Raises for employees in the library and public works department might come from monies left over from last year's budget.

"We Can Be Thankful"

Commenting on the increase today, Employees association President John Walsh declared, "We can be thankful that the personnel board became cognizant of our needs." Walsh added, however, "The only bad feature is that the Daly City salary schedule is the lowest in the county."

In their recommendation to the city council, the personnel commission claimed that the two and a half per cent raise coupled with fringe benefits already granted employees amounted to more than a one-step raise.

"Cost of living index has risen only 2.3 per cent during the past years; however, in view of other adjustments we recommend that the wage scale be advanced to 2.5 per cent," the letter read.

Fringe Benefits

Fringe benefits such as additions to the retirement contract, reduction of hours for firemen, increase in industrial accident benefits and increase of cost of health insurance result in the equivalent of a 3.2 per cent salary raise, personnel board members claimed.

"Although some of the benefits effect only one or two departments the effect on the budget and to the system as a whole is equivalent to an increase in compensation," the letter explained.

Personnel board members said they based their change of recommendation on a review of Peninsula cities wage scale and an evaluation of fringe benefits granted during the past year.

The salary increase will go into effect on September 1.

A recommendation by Councilman Michael DeBernardi that the salary schedule be adjusted to allow certain positions step increases was tabled until the council meets September 4 with the personnel board.

WHAT IS IT? — William Lagomarsino poses with what appear to be two large ribs and a vertebra found by his brother Fred Laine near a Big Basin stream. Lagomarsino, who worked in crematoriums during his youth and is familiar with skeletal structure, claims that the bones might be those of a prehistoric animal. The vertebra measures a full foot in diameter.

MCKEON FAVORS DC ANNEXATION

Annexation of the 365-acre McKeon subdivision to Daly City appeared highly probable today with the announcement that negotiations between McKeon and the city are now in progress.

Although subdivider George McKeon would not go as far as to say that all other possibilities had been dropped, he declared that "we are definitely leaning towards Daly City."

South San Francisco also had made overtures towards annexing the 2500-lot subdivision. It was also rumored before the Northgate incorporation election last year that McKeon was interested in aligning the development with that city. The election failed when valuable industrial and commercial land was removed from the proposed boundaries by the county.

McKeon told THE RECORD today that construction would begin in three or four months' time and that the first homes would be completed in about six months.

The land, located to the southwest of Daly City, will be subdivided into more than 2500 lots, which when developed will house more than 8000 persons, according to the statement issued today by City Manager Howard Stites.

"Credit To Daly City"

"It appears probable that the company will be able to meet the city's requirements for annexation and that the development would be a credit to Daly City," Stites continued.

McKeon said that the homes would be in the $16,000 to $25,000 range and that both single and double story residences would be available. He said that the subdivision has not yet been named but that several suggestions are now under consideration.

He declined to state definite particulars as to whether school and park sites would be provided, but declared that "we plan to cooperate with the city and school district in every way possible."

"Both To Benefit"

Mayor Joseph J. Verducci, when contacted as to his feeling on the possible annexation, said, "All I can say is that we would like to have the subdivision as part of Daly City." Verducci further declared that "both McKeon and Daly City will benefit" if the annexation is completed.

Although announcement of the subdivision was first made over a year ago, construction was held up because of litigation over ownership of the land, formerly known as the Zahone ranch.

Half-Sessions Possible On School Debut

Members of the Jefferson Elementary School district board of trustees assumed an attitude of optimistic waiting Wednesday night on the scheduled opening of 13 new classrooms of the Benjamin Franklin school September 11.

Superintendent H. Z. Weibel told the board that the 13 new classrooms should be ready on time "but double sessions will be necessary if their completion is delayed a few weeks."

The Franklin school will have 17 classrooms with the completion of 13 new ones. The school's original four rooms have carried the load in double-session enrollment the past three years.

Will Notify

Weibel told THE RECORD the JESD will notify all school children via the mail by Friday, September 7, to inform them which schools and which rooms they are to occupy. The superintendent said in the event of a delay on the new classrooms, the Franklin and Garden Village schools would double-up on enrollments as a temporary solution.

The board approved the hiring

'Back To School' Issue Scheduled Next Week

THE RECORD will publish a special "Back to School" edition next week.

Besides carrying special advertisements, the edition will feature articles and pictures on local schools. Bus schedules, registration and other pertinent information will therefore be available to readers in plenty of time for opening of school on September 11.

Public Schools To Open For Fall Term On September 11

Public schools will open for the fall term on Tuesday, September 11.

Although both Westmoor and Jefferson High schools will be at the Jefferson building this year, students enrolled in the two schools will attend at different times. Westmoor pupils will start the day at 7:45 a.m. and remain until 12:15 p.m. Jefferson students will be in school from 12:30 until 5 p.m.

All new students to the district, including both freshmen and transfers, will be required to attend

900 Sign Coast Dump Petitions

Nine hundred North Coastsiders have already signed petitions against the controversial Bernardi ranch dump, Lionel Spencer, co-chairman of the opposition group, reported today.

When completed the petitions will be presented the county planning commission which is scheduled to consider the Daly City Scavenger company application on September 19. The scavenger company, backed by the city of Daly City, hopes to gain permission to operate a fill and cover dump operation to the northeast of Linda Mar.

Seven prior applications for permits to dump on other sites have been refused by the planners. Present permit held by the Daly City Scavenger company allowing dumping on Chris McKeon property is subject to be revoked at any time.

Commenting on last week's announcement that the Scavenger company serving the Linda Mar area may be without a dump site in eight months' time, Spencer declared that "I don't see why we should increase our problem by bringing in Daly City."

Spencer added that he thought some arrangement might be worked out whereby the new owners of the Sharp Park-Half Moon Bay company could continue using the present site owned by Anthony Pitto. Scavenger partners George Giordano and Mario Torrigino, however, have already joined Daly City Scavenger President Al Sereni in making application for the hotly contested Bernardi ranch dump site.

"I admit we will have to have a dump on the North Coastside, but only for the use of the North Coastside," Spencer stated.

Booths for signing of the petitions will be set up every weekend until the planning commission meeting.

Hupf To Brief Brisbaners On DC

A barrage of questions on possible Brisbane annexation to Daly City will undoubtedly greet Councilman Paul Hupf who is scheduled to appear before the Brisbane Homeowners association meeting Tuesday night.

Residents of the hillside community have not yet made up their minds on the prospect of annexation, according to Association Secretary Laura Johnson, but are "waiting to see what Daly City wants to do."

Survey of the area to determine advantages and disadvantages of the possible move will begin September 1 on the arrival of the city's new administrative assistant, City Manager Howard Stites said today.

Meanwhile, city councilmen have been assigned to specific projects in the study, Stites explained. Hupf will work with the Brisbaners, Councilman Micheal DeBernardi will be available to keep Daly City residents informed and Councilman Del Wilson will negotiate with Crocker Estate officials. Councilman Sanford Vickers has been assigned to investigate engineering problems, while Mayor Joseph J. Verducci will coordinate activities of the other council members.

Opposition to the proposed annexation appeared last week in South San Francisco, which, it is believed, is also eyeing the valuable Guadelupe Valley industrial property. Acting Mayor Francis Lucchio declared that a viforous protest will be lodged because the Crocker Estates are within the watershed of South San Francisco.

Judge Bocci Asks To Steer Clear Of Court Controversy

Municipal Judge Thomas L. Bocci today politely asked Supervisor Thomas Callan of Colma to leave his court out of haggling over the location of a north county superior court.

"Members of the judiciary, including myself and the Bar association," he says, "would have a great deal to say regarding the location of the municipal court."

Callan has hinted that if South San Francisco gets the Superior court that city is "going to have to lose" the municipal court, possibly to Daly City.

JUDGE THOMAS L. BOCCI . . . Answers Callan

"It is unfortunate that my court has been projected into a discussion of the possible site of a new superior court for the north end of the county," Bocci commented, "but on the other hand I am sure that Mr. Callan did not intend his remarks in the vein in which they were interpreted."

He said it is "regrettable "that

Ex-Councilman Ed Dennis Opposes DC Sales Tax

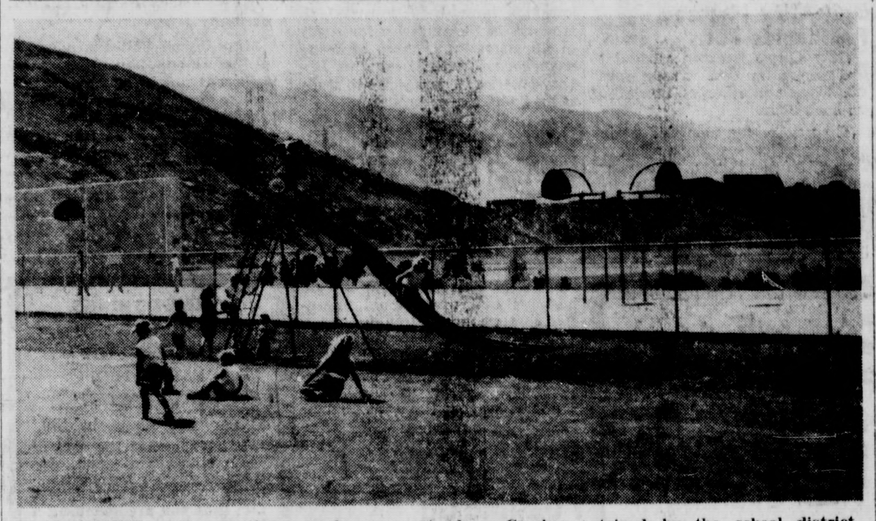
Former Councilman Edward J. Dennis today expressed himself as "strongly opposed" to the establishment of any city sales tax in Daly City.

Dennis branded the sales tax as "always the most unfair of all taxes" and said that its burden falls most heavily on the lower and middle income groups.

"Daly City does not need this tax," the former councilman continued. "Our present tax base is fully adequate to support the city's services and the residential and industrial growth will, it seems to me, match the increasing demands of the future."

Dennis further claimed that the city's assessment rolls are ample to provide for Daly City's needs.

"Instead of levying this unfair tax and then trying to dream up ways to spend this 'extra money,' Daly City should first decide what the people want and need in the way of additional services, if anything, and then plan a tax program which will meet those needs without imposing an unfair burden on any segment of the city's population," he concluded.



PLAYGROUND and recreation center are among the more scenic points of Brisbane. The play area was built when Brisbane traded industrial property below for the land on which the park now stands. Crocker Estates, which owned the land, included a grant of money in the switch. Both the playground and center are owned and maintained by the school district. Note the junior high school under construction in the rear of the photograph.

THE RECORD photo

ONE PROBLEM which will face Daly City if she annexes Brisbane is showa here. According to residents of the hillside community, the storm drains are totally inadequate during the winter months and a flood of water and mud rushes down the main street of San Bruno avenue. Daly City will begin work on an engineering study September 1 to determine cost of repairing the sanitary system.

Jeff Trustees To Discuss Bonding, Sites At Meeting

Tour of the Pedro Valley area Wednesday night in anticipation of lining up a school site will come under discussion at Monday's meeting of the Jefferson Union High school board of trustees.

Suggestion that board members inspect the area was made at the last meeting by Trustee Raymond Whitney following presentation of the county-wide continuing survey which urged quick action in obtaining additional school sites.

In line with the site inspection, Superintendent Edward Morgan said today that he will report Monday to the board on the district's bonding capacity.

Morgan declared he had not yet determined whether he will make a definite recommendation on Monday. He stressed, however, the importance of obtaining sites "before the price is doubled or tripled."

In order to go on the state aid program, the district must be bonded to 90 per cent of its capacity.

VOLUNTEERS TO START WORK ON WALTON HOME

Volunteer workmen will begin laying the foundation for the James Walton home, 108 Knowles avenue, this weekend.

The action marks the end of a long delay brought about by collection of funds for the project, carpenters strike and city red tape.

The Waltons and their four children were burned out of their former residence on May 15. They carried no insurance to cover their losses.

Almost immediately following the disaster a committee headed by Peter Markovich met to formulate plans for building a new home for the destitute family. Cash and service donations poured into the fund until Markovich announced a month ago that sufficient monies had been received to proceed with the project.

Markovich said today that the Waltons will be able to move into their new home by Christmas. Workmen have volunteered their time every weekend excepting Labor Day until the residence is completed.

ADMINISTRATIVE ASSISTANT BEGINS DUTIES SEPT. 1

Administrative Assistant F. F. Avilez will begin his duties in Daly City on September 1, it was announced today by City Manager Howard Stites.

Avilez, who is presently employed as a junior budget analyst with the state department of finance, will receive a salary of $327 per month. He is taking a pay cut by taking the new job as he is now receiving $368 per month, Stites said.

A graduate of the University of California, Avilez is 26. He holds 16 units towards his Masters degree.

The new administrative assistant's name was obtained through the League of California Cities. In a recent test given by that organization, he passed "well up on the list," Stites declared.

WINDOWS AGAIN BROKEN AT LOCAL ANIMAL POUND

An estimated $30 damage to windows of the Daly City pound at the end of Thiers street resulted last weekend when vandals tossed rocks into the building.

Police suspect that the vandalism was done by the same youths who entered the pound twice before during the past couple of months. Poundmaster Charles Maschinot said the culprits did not enter the building as they did in the two prior incidents.

Rape Case Moves To Superior Court

Preliminary hearing on a statutory rape charge against a 39-year-old South San Francisco window washer was held over to Superior Court yesterday by Municipal Court Judge Thomas L. Bocci.

William R. Whiddon, 704 Hemlock avenue, the accused, was jailed July 23 on charged of lewd conduct and statutory rape involving a 13-year-old girl.

He was unable to make bail of $1000 cash or $2000 bond.

an orientation day program on Thursday, September 6. New Westmoor students are asked to reports to the Jefferson auditorium at 7:45 a.m., while Jefferson pupils are asked to be at the same place at 12:30 p.m.

On September 4 and 5 counselling offices will be open for the benefit of new students to the district.

Elementary Schools

Elementary schols will be open for registration of pupils new to the district on Friday, September 7, from 9 a.m. to 12 noon.

Parents registering kindergarten or first grade pupils must present a birth certificate, baptismal certificate, passport or affidavit as proof of the child's age. Kindergarten students must have had their fourth birthday on or before December 1, 1955, while first grade students must have had their fifth birthday on or before December 1, 1955.

Kindergarten children should have had their physical and dental examinations prior to registration. Forms may be obtained at the Jefferson elmentary school district office, 48 Park Plaza drive.

Cards will be mailed to parents of returning students notifying them of the school and room their child will attend.

Bus schedules and other pertinent information will be published in next week's "Back to School" edition.

Forty-three States now have a total of 39,587,554 acres in certified tree farms.

Point Barrow, the most northerly point in Alaska, is nearly 5000 miles from the Equator.

MAPPING a Broadmoor storm drain are C. L. White, North County Sanitation district engineer (left), and Sanford Vickers, district director. The long and tedious work of pinpointing each drain, sewer and pipe in the district is now being done in order that a master plan may be completed. Although the officials state that the job is slightly more complex than anticipated, they are quick to add that it would become still more difficult in a few years.

"these matters" have been "brought out into the open this way."

Lack of proper facilities in Daly City and other north county cities would prevent the move, Bocci said.

"However, let it be said that no change in the location of the municipal court is among the immediate prospects, and if such a change were to be proposed, a great many matters would have to be taken into consideration, such as adequate facilities not presently available in any of the other cities of the district."

The judge said he made his remarks because "I have been approached by a great number of local citizens" and asked "to comment" on "recent statements regarding the possible change in the location of this municipal court; credited to my good friend Tom Callan."

Daly City Firemen Foil 'Inside Jobs'

Daly City's firemen rushed to the rescue on two "inside jobs" this week and emerged unscathed on both calls.

They were summoned Tuesday evening to the residence of Harry Banis, 337 Northgate, to douse a smoking chesterfield. Early this morning a smouldering mattress was soaked out at the home of R. Craigmile, 22 Westdale, according to Chief Kennedy.

DC Rotary Hosts District Governor

Rotary Clubs in 99 countries throughout the free world are united in an endeavor to promote international understanding, good will and peace. That was the message of George P. Chaffey of Vallejo, Governor of District 155 of Rotary International, in addressing the Rotary Club of Daly City yesterday, following a conference with local Rotary officers and committee chairman.

In addition to the activities of Rotary's 9,100 Clubs within their own communities to promote this objective, Chaffey explained, Rotary International has spent more than $2,000,000 in recent years through its program of student fellowships, which enable outstanding college graduates to study for one year in countries other than their own, as Rotary ambassadors of good will.

Since 1947, when this program was established, 834 Rotary Fellowships have been awarded to students in 61 countries for study in 40 countries. Three students have been selected from this Rotary District in past years to study abroad under this program.

Another student will be awarded a fellowship from this district this year for study abroad during 1957-1958. Two students, one from India and the other from Finland, will be studying at Stanford this year under Rotary Fellowships.

"With fellowship and service to others as its keynote, Rotary provides a common ground for 431,000 business and professional executive throughout the free world, regardless of differing nationalities or political or religious beliefs," the Rotary District Governor emphasized.

"In addition to the promotion of international understanding," Chaffey continued, "special emphasis is being placed by Rotary Clubs in this District, which includes 51 Rotary Clubs from Hollister to Cresent City, on many phases of community service and vocational service."

Chaffey urged the local Rotary Club to be well represented at the Rotary District Conference to be held at Hoberg's in Lake County next April and to make plans to be represented at the Rotary International Convention in Lucerne, Switzerland next May.

Daly City Couple Visit Eisenhowers

Renewing a long standing friendship, Col. and Mrs. Lee Harris, 67 Lake Vista avenue, visited President and Mrs. Dwight D. Eisenhower yesterday morning in the chief executive's suite at the Mark Hopkins hotel in San Francisco.

The President, according to Mrs. Harris, was the colonel's first commanding officer back in 1918. Now retired, the colonel and Mrs. Harris have been personal friends of the Eisenhowers for many years.

Mrs. Joseph Sullivan, a guest in the Harris household from Balboa island in southern California, accompanied the Daly City couple in their visit to the chief executive and the first lady.

As early as 1849, grapes, which sold at 12½ cents a pound on the vines around Los Angeles, were shipped to San Francisco.

In other action, the board of trustees:

1. Approved a proposal to the North San Mateo County Sanitation district for the installation of a sanitary sewer line on the Benjamin Franklin site.
2. Approved the installation of an underground transformer vault at Benjamin Franklin.
3. Agreed to proceed with slope stabilization at Vista Mar at an estimated cost of $12,000.
4. Aproved an outlay of $624 to keep the JESD in the continuous county-wide school survey by Stanford university for 1956-57.
5. Accepted the addition of James Fitzgerald, John LaBruzzio and William Vest as custodians of Benjamin Franklin school.
6. Adopted a uniform milk purchase plan for the JESD.
7. Adopted a resolution for the cancellation of county taxes at the Babette Blank property, 43 Miriam street.
8. Approved a motion to buy new furniture for Benjamin Franklin featuring colored maple wood chairs instead of fiberglass furniture.

Village Notes

By Gwin Mitchell

PL 5-0679

This summer has been a busy one for just about everybody. One of the busiest people has been Mrs. Margaret Pauline Brown, who conducted a summer school of five pupils through a very interesting and successful 40 hours of reading, writing, phonics and spelling. Her pupils were on the 5th, 8th and 9th grade levels, so the classroom work was never monotonous for the teacher—nor for the pupils, who enjoyed the whole thing. Basis for the course was Frank Lubbock's book of Streamlined English, plus other books skillfully selected from the library by Ruth Fisher. The windup party at the end of the "term" put a finishing delight to some very enjoyable school days, with school trustee Kay Mullen and the pupils parents as guests.

A young man by the name of David Dwiggins has been a house guest lately at the home of Florence and Rex Bell on Garden Lane. Said young man is their eight-year-old grandson, who came back with them from his home in Chicago, where they had been vacationing for a while. After David's visit here, he will go down to LA for a visit with other relatives, and then still other relatives will fly back to Chicago with him. A nation-wide family is a handy thing!

Rex and Florence had quite a trip too. They went to Chicago, picked up their daughter, Mrs. Frank Dwiggins, and went on to Door County, Wisconsin. This area is somewhat like Lake County, and is the peninsula which divides Green Bay from Lake Michigan. They spent ten days there in a cabin on the Lake, and then went on to visit relatives in Detroit and Boston. Final touch was their stay in the Berkshires in Massachusetts with the president of Goucher College and his family, the third time the friends have met there. A beautiful place it is, too; green and cool and peaceful, Florence says.

We're partial to mountains, anyway, having spent part of our vacation camping in the Mother Lode country and loving every minute. With base camp at Calaveras Big Trees, the Mitchell tribe took in Lake Alpine, Mercer's Caverns, Murphy's, Angel's Camp and Columbia, plus all the scenery on the way. Columbia we found to be a particularly entrancing place, with all its 100 year old buildings (and the original candy kitchen!). The day we arrived, we felt right at home; the Presbyterian Women's Association was hold a bake sale!

International Note

There should be an international note sounded in this wordy symphony of ours pretty soon. Corinne and Mayo Bryce are back from their European tour, and we hope to hear about it, and we have relatives traveling in the British Isles who will have tales to tell!

Have you noticed: the Swoverlands nice new Dodge . . . the Fernekes' swish new station wagon . . . all that building going on at the Ross Hiltons on the corner of Maddux . . . too many For Sale signs on Village homes . . . how confusing the clock in the market parking area can be until you realize it isn't running . . . the Ray Johnsons' new green station wagon . . . the Ray Logans' new slab front door . . . the new response when you dial the RECORD office (new switchboard) . . . the beautifull job Larry and Molly Phillips on MacArthur have done making their back yard a thing out of Sunset . . .the Jeri Jiffies in the frozen foods compartment at King's Market, made by Village Lane's Geri Furst?

Glad to hear that young Tommy Olsen is back home on Village Lane after an operation on his feet. Mother Marion finds him a bit heavy to carry, though, with the casts and all. Shouldn't be long before he's navigating under his own power, though; anyway, it's nice just to be back with the neighborhood gang.

Maddux neighbors Bea and Ray Meade have had a whirl of a week entertaining Bea's mother, Mrs. Edgar Jones, who drove down from Washington state with Bea's sister Mary Coke and her husband Bud and 17 month old daughter Patty. It was the first time Mrs. Jones had been down from Walla Walla to see Bea in her own home, and there was a great deal of talk over coffee far into many nights! Plus a lot of daytime sightseeing in and around SF, and one evening hearing Janis Paige at the Fairmont. One thing the Cokes got out of the visit they could have done without—a dent in the side of their nice shiny car, presented to them by a careless driver on the freeway. A fine souvenir to take back home to Yakima, where, incidentally, Bud sells General Foods products. Mary said she is getting tired of Cherrioats (one of The Products!)

New Arrivals

Two people who have arrived in town to stay a while are Judith Ann Allen of Sweetwood, and Diane Frances Lau of Larchmont. Judith is the new fourth daughter of Pat and Charles Allen, having been welcomed by sisters Ginger, Mildred and Patsy just this month. They loved all 7 lbs., 15 oz. of her from the minute they saw her. Dianne had two brothers to fuss over her, Gary and Bruce, and of course parents Bill and Dolores think she's very special. She arrived with 6 lbs., 5 oz. of her cuddly self to be fed, held and loved.

When the American Society of Ichthyologists and Herpatologists met in Houghton Lake, Michigan, this summer, Dr. Earl Herald was right there. He, wife Pinky and their three children made that the first stop on a 5½ week vacation which took them clear to the east coast. After the ASI&H meet, they went on to Columbia, South Carolina, to see Pinky's family, the first time in seven years. Then they went to Florida, and took a sort of aquarium tour, including Key West and the new Gulfarium at Ft. Waldon, Fla. Next stop for the green and white station wagon was Prescott, Kansas, where they visited with Earl's indomitable 93-year-old grandmother, Mrs. J. W. Herald, who still keeps her own home, and then on to Tulsa, Oklahoma, to see Pinky's brother, James Walker, and his family. After that—home. Now the only traveling Pinky does is to carry children back and forth to swimming lessons.

Glimpses in Passing: Maddux neighbors Millie and Roy Esposto and Dolores and Ash Helmer meeting on the beach at Capitola . . . Mona Baker with both hands over her head to keep her hair in place as she went swooshing down 87th Street (at the proper mph!) with her husband Jack in their white Porsche . . . Madeline Feist stopping by en route to Santa Rosa a while back to say how well she likes their new home in Burlingame, with a good suntan to prove it . . . George Wall playing a sultry trombone obligato in one of the numbers in "The Boy Friend," with Villagers Dorothy and Orton Collins, Ray and Kay Logan and Don and yours truly Mitchell to cheer him on! . . . That with four homes in a row on Maddux owning tetherballs (violently begged for by small fry), hardly any tetherball was played all summer! Kids!

RADIANTLY HAPPY are all seven members of the Borgman family who arrived here Friday from Holland. Arend Roelof Borgman, his wife Grietje, and their five children came to this country under the sponsorship of Mrs. James C. Nouse and the Broadmoor Presbyterian church. During an interview the family could not do enough to express their thanks to the people who made their arrival here so memorable. Borgman youngsters are Boelie, 13; Gerrit, 12; Harry, 9; Hans, 8, and Lidy, 4.

Dutch Couple, Five Children, Arrive Here Under Sponsorship Of Local Woman, Church

Seven joyful people arrived here Friday from Holland because of the generosity of a local woman and her fellow church members.

Arend Roelof Borgman, his wife Grietje, and their five children were enabled to come to the United States under the sponsorship of Mrs. James C. Nourse and with the aid of the Broadmoor Presbyterian church. Arrangements were made through the World Council of Churches.

The deeply grateful Borgmans arrived in San Francisco to find a Richmond district home completely furnished. Children of the church had even prepared food baskets which were suitably tied with gay wrappings.

Mrs. Nourse, 86 Montrose avenue, explained that the group had tried to locate a home in the Daly City area but were unable to find a residence large enough to accommodate the big family.

Charming Youngsters

The charming youngsters in the family are Boelie, 13, Gerrit, 12; Harry, 9; Hans, 8, and Lidy, 4.

When this reported knocked at the door of the Borgman home for an interview before the arrival of the interpreter, 13-year-old Boelie took over. Boelie gained an acceptable knowledge of English last year in school.

His father is able to understand and speak a few words of English and proudly pointed out a conversational dictionary which he had been perusing before the reporter's arrival.

Volunteer Interpreter

Despite Boelie's gallant attempts, it was to everyone's relief that Mrs. Peter Ganyard of Parkmerced arrived. Mrs. Ganyard, reading of the Borgman's expected arrival in THE RECORD'S companion publication, contacted Mrs. Nourse and offered to serve as an interpreter.

With Mrs. Ganyard came a second interpreter, Mrs. Fred Moore.

Continuing with the interview, the Bordmans enthused on the beauty of the bay area. Upon learning they were coming here they crammed themselves with magazines and books on California, but "we didn't know it was this beautiful," they reported.

The family was particularly impressed with a visit to Golden Gate park on Sunday. Apparently Holland is so overcrowded that there is not room for such recreational facilities.

Having been crammed into a four-room house in Holland, the Bordmans were also amazed at "how large" was the residence waiting for them upon their arrival in San Francisco—a three bedroom home.

Low Cost of Living

The Boardmans were also amazed over the low cost of living in this country, relating that two pounds of sugar costs 85 cents in Holland. For the same amount ten pounds of sugar can be purchased here.

It developed this week that friends of the family are having difficulty in finding Borgman a position. He was employed as a barber in Holland, and it is hoped that a similar job may be found here.

Until Borgman passes the state barbers' exam, he will have to find employment at a federal post or in some other line of work. With the help of E. M. Robinson of the Modern Barber school, however, he will be given training towards gaining his state permit.

Most of the persons who helped to make the Borgmans' arrival so memorable have not yet met the family; however, a dinner is planned at the church this fall so this may be remedied.

Monte Dayton is on vacation. His column will be resumed in two weeks on his return.

DONALD RICCI JOINS U. S. MARINE CORPS

Donald Ricci, 19-year-old son of Mr. and Mrs. Tony Ricci of 160 Peoria street, enlisted in the United States Marine corps on August 8.

He is now serving in boot camp at San Diego.

Summer Trip

Young Jill Carleton of Village Lane, with parents Cissy and El, had a terrific summer for herself. In company with friends Dolores and Marian Bartorelli from Battle Mountain, Nevada, Jill and her parents toured over the LA area, visiting all the museums and zoos and Disneyland and Knott's Berry Farm and everything else of interest. It was the first time the Bartorelli girls had been to a cosmopolitan area, and they had a marvelous time. Then Jill went back to their Battle Mountain ranch with her friends and Cissy and El stayed in Elko for a while before they all gathered in a clan again and took off for Carmel and then back home for a while. The trip came to an end when the Carletons took the Bartorellis back to the ranch and then came home to stay put for a bit!

Rev. and Mrs. John Glasse are back on Larchmont after three restful and happy camping weeks at Big Basin, and are already hard at work at their 1001 jobs. Letters from daughter Marie Jean Tapp, serving in Pureto Rico with her medical missionary husband, Jess, have told of a place where circumstances are vastly different from living conditions we take for granted here, weather is quixotic, and the heat makes the children's hair curl into kinks.

Utrillo prints, a built-in hi-fi system playing classical music and animated discussion were shared the other evening at the Tom Brewers home in Westlake by several board members of the Vista Grande Concert Association when they met for the first "exploratory" session of the year. In addition to plans, questions and suggestions about the Association's future activities, conversation and coffee rounded out the evening with books, budgets, children, organizations, operas and mutual friends all touched upon. The Jay (newly elected president) Iricks were there, plus Jay Christians, the Leonard Browns, Mrs. Charles Douglas, Mrs. Julian Cohen and the Merle Bartons.

Helene Mori, who is the Concert Association's hard-working secretary, couldn't make the directors' meeting because she was involved with daughter Margaret's birthday preparations. Margaret, who was 11, had her party in Golden Gate Park instead of on Garden Lane, and carried the ice cream and cake along with her. Guests on hand to enjoy the occasion were Vicki Guz, Marilyn Lewis, Carol Ann Lewis, Dianne Gold, Laurie Gold, Lorine Abbott, Pamela Hill and Ann Irby.

LETTERS TO EDITOR

Brisbane Resident Is 'Self Critical'

Dear Sir:

It was voted at a meeting of our association that a retraction be made in your paper—Re: that the Brisbane Home Owners Association has but sixteen paid-up members, as all the members are paid-up members.

We had twenty paid-up members after the first meeting when our association was formed in February, 1956. Membership has been increasing steadily ever since.

May I suggest that the Secretary-Manager of the Brisbane Chamber of Commerce retract his statement, and keep up with what is taking place in Brisbane.

Thank you.

Yours truly,
Laura M. Johnson
Secretary to — Brisbane Home Owners Association Incorporated

Brisbaners Claim Over 16 In Group

Dear Editor:

The Brisbane Home Owners Association has been severely criticized because of some of the publicity Brisbane has been getting through the newspapers. As a resident of Brisbane, I do not see where any publicity has done us any harm (that is the recent publicity).

The main reason as I understand that the Home Owners Association was formed was because we did not have proper representation in Brisbane. No one knew what was going on in town, except the half dozen or so that attend the Chamber of Commerce meetings.

As a member of the Chamber of Commerce in Brisbane, I think that I can afford to be a bit self critical and say that we should clean up our own back yard before we jump on another association.

A typical meeting of the Chamber of Commerce consists of—

(1) Starts out very business like, for the past eight months we have been talking about building a bus station shed down on the highway, but I am afraid that by the time that it is built, the buses will be diverted on the freeway.

(2) One meeting for two and a half hours all we talked about was the Orient and their burial grounds.

(3) The president of the Chamber of Commerce attended one meeting that I can recall, and I think that was by accident—he was on his way to Republican rally, June 5. I'm not jumping on the Republicans as I received a Republican ballot last election—but I vote for the person rather than the party.

(4) At the last meeting, we did nothing but sit around and insult each other over personal matters that had nothing to do with the town. You would think that one of the local business men came up to audit his books, personally I do not care who owes whom, as I do not owe anyone in town. I have always had great respect for Chambers of Commerce in other towns. I think every town needs one. (I wish we had one.)

Something For Everyone

By The Staff of the Daly City Public Library

By the Staff of the Daly City Public Library

The United States is now in the process of beginning a state of turmoil which comes to its citizens every four years. The national political conventions and approaching presidential election have brought increased interest at the Daly City Public Library in all aspects of the political scene. This year, more than ever before, there has been a multitude of books on the Democratic and Republican parties, the backgrounds of the leading presidential candidates, the record of the present administration, how a president is elected, and other related subjects.

One of the best volumes for background reading is V. O. Key, Jr.'s POLITICS, PARTIES, AND PRESSURE GROUPS. The third edition of this standard work, published in 1953, gives an excellent outline of party structure and organization, campaign techniques, finance, electoral behavior, and the relationship of the party system to government.

Recent trends in party politics and government are covered in such diverse works as: THE DECLINE OF AMERICAN LIBERALISM, by Arthur Ekirch; AMERICAN POLITICAL AND SOCIAL HISTORY, by Harold U. Faulkner, and BUT WE WERE BORN FREE, by Elmer Davis.

Republicans (and Democrats, too) will be interested in Richard Rovere's AFFARS OF STATE: THE EISENHOWER YEARS, Merlo Pusey's EISENHOWER THE PRESIDENT, and Samuel Lubell's REVOLT OF THE MODERATES. Robert J. Donovan's EISENHOWER: THE INSIDE STORY has been ordered by the Library, and will be available soon.

Adlai E. Stevenson's A CALL TO GREATNESS and the more recent WHAT I THINK are both concise statement's of that candidate views. Mrs. Elizabeth Stevenson Ives has written a charming memoir of her early years in MY BROTHER ADLAI.

Two recent biographies of Vice President Nixon, James Keogh's THIS IS NIXON and Ralph de Toledano's NIXON, are also attracting attention at the Library. The very new volume, THE KEFAUVER STORY, by Jack Anderson and Fred Blumenthal, which is now on order, is expected to be popular, also.

Former Secretary of State Dean Acheson, in A DEMOCRAT LOOKS AT HIS PARTY, considers the pros and cons of both parties and then explains why he chose to join the Democratic fold. Undersecretary of Labor Arthur Larson has done the same for his party in A REPUBLICAN LOOKS AT HIS PARTY.

David Cohn's THE FABULOUS DEMOCRATS, which will soon be available, is a pictorial history of the Democratic party since its origin under Jefferson. BALLOT FOR AMERICANS, by Lamont Buchanan, now on order, is a pictorial history of American elections and electioneering from 1789 to 1956.

The presidency itself, as an office, is admirably covered in such works as two new ones now on order: THE PRESIDENCY TODAY, by Edward S. Corwin and Louis W. Koenig and Clinton Rossiter's THE AMERICAN PRESIDENCY. Even younger readers will be interested in THE PRESIDENT OF THE UNITED STATES, by E. B. Fincher.

These are only a sampling of books on the presidency and the election. For others, covering the basic issues at stake, ask at either the Daly City Public Library, 6251 Mission street or the Westlake-Broadmoor Branch Library, 34 Park Plaza drive.

And don't forget that September 13 is the deadline for registration to vote in the November election. Daly City residents may register at the City Clerk's office, City Hall; Colma and Broadmoor residents at the Town Hall, Colma. For additional addresses where prospective voters may register, consult the City Clerk's office or the Daly City Public Library. If you have moved recently, be sure to check your status as a voter.

If a prize were to be awarded to the busiest family of the month, I'm sure that the JOHN ECKERTS of Frankfort street would have no trouble claiming top place. . . . The month started out with a teen age party for JOHNNY, who had just turned seventeen. . . . One week later JOANN, feted her day with a "bop party" for her fourteenth birthday. . . . The following weekend, MISS ELAINE celebrated her twelfth, by hostessing a party for a group of her friends. . . . While the ROBERT ARKOS of Los Olivos were honored at Gino's restaurant last week on the occasion of their sixth year.

In the Stanley Party line . . . we find that MRS. GEORGE WINHURST recently entertained a group of her friends at her home on Templeton . . . with Helen Johnson as the demonstrator. Guests were Mesdames John Eckert, Anton D'Isep, John Ewon, Harold Perro, Al Johnson, Harold Kirkpatrick and Ruth Byrd.

While in Sterling Park, most of the ladies on B street, Colma, were seen gathering at the home of KAY CURTIS for an interesting evening's demonstration by Harry Axelson. An exceptionally nice time was had by Ruth Montana, Donna and Margaret Sklivas, Edith Harper, Dorothy Hillman, Helen Lewis and Lee Milkovich.

Belated birthday wishes to . . . JEANNINE MAYHOOD, a brand new teenager. ANITA MORENO who just turned eleven . . . and to THOMAS AINSWORTH who enjoyed an evening out celebrating his day last week.

In the blue booties set we find that ORLANDO and VIRGINIA LA CAYO of Garwood drive have added another son to their family. JOHN MARTIN arrived on August 11 at Children's hospital and tipped the scales at seven pounds six ounces. Baby John has four other brothers and one sister, they are nine year old Orlando the III, Daniel who is eight, Ronald who is seven, Richard—a five year old, and four year old MISS CHARLEEN.

Little HELEN ANGELA, infant daughter of the ROBERT ARKOS of Los Olivos, was christened last Sunday afternoon at the Ocean Avenue Presbyterian church. The Reverand Arthur Willis officiated at the services, which were followed by a reception at the ARKO home. Attendants are Luella Hart and Carl Hagberg. Helen is the sister of Patrick Lee and Pamela Frances.

In this week's moving department we find that . . . A job in Hawaii has beckoned the Petersons of Hanover and Crocker. They plan to stay for at least two years. . . . Due to a transfer in his job the G. K. HODENFIELDS of Frankfort street are moving soon to Washington, D. C.

Country Club Manor in South San Francisco has claimed the Cardians and their two children LINDA and TIMMIE, formerly of Alexander street. . . . Captain Magdelaine has been called back into the service and is temporarially in Massachusetts in preparation for overseas duty. . . . After living here for eleven years on Brunswick, a job in San Diego has the GEORGE RODRIGUEZ family in the midst of packing, renting their home and saying good bye to all their many friends and relatives. The family expects to leave about the end of the month. . . . Many happy returns to LEROY who recently celebrated his eleventh birthday in the middle of it all.

A second son has joined the DAVID BARULICH family on Abbot. MASTER LAWRENCE CHARLES arrived on August 14 at St. Joseph's hospital and weighed in at seven pounds, four ounces. The new addition met with the approval of four-year-old Danny. The baby's grandparents are the Charles Faffords of Los Banos and the Peter Barulichs of San Francisco.

A gay and colorful circus party on Saturday with all his neighborhood friends sharing in the fun will help JOEY MacDONALD of Orange avenue to celebrate that very special fifth birthday. The guests for this festive occasion will be Mike Cardoza, Dolly Putkey, Susie Baine, Tommy Scott, Pat Cassidy, Steven and Gary Goldie, Kenny and Kathy Horne, Susan and Robin Stewart, Gary and Jeffery Rosner.

Double Christening services were recently held in the Holy Angels church for GARY and GAIL GAVIGLIO, son and daughter of the GENE GAVIGLIOS on Lausanne. Gary's Godparents are his aunt and uncle, the David Burchs, with the Douglas Baughns as Gails' Godparents. A buffet dinner for the immediate family followed the services.

MRS. EVELYN "CHICKIE" ROBERTSON of Irvington recently made her first TV debut as one of the four winners of the Big Movie contest. For her efforts she received an orchid corsage and a beautiful 14-inch television set, which was presented to her by Hal March. "Chickie" says she really goofed at the rehearsal, when she nonchalantly leaned against the props and knocked the whole set down. Needless to say this gal was being closely watched during the actual presentation.

Sounds like chairmen of the Top O' the Hill Festival have thought of just about everything in the line of entertainment for the family in their coming event on September 21, 22 and 23. Mr. Goulden's novel way of forming committees certainly sounds like a different way of having people get better acquainted with one another.

On the returning vacationers list we find that . . . A wonderful time was had by the ROBERT, KEITHS of Bellevue, when a sixteenth anniversary plus Dad's birthday were claimed, while they were combining a camping and visiting trip to Seattle Washington and Portland, Oregon. Newcomers on Bellevue, the William Robbins, enjoyed a week of sight seeing in Los Angeles.

Oliver street welcomed home the SOOMANNS after a six week vacation in Lake County at Austin's Resort. . . . Nice coats of tan are being sported by the JACK OFFENBACHS of Abbot, after spending two weeks in Clearlake.

A nice time was had by the WILLIAM LOSKUTOFFS of Wyandotte on their trip to Lake Tahoe . . . While the VOLERS, FRED and BARBARA, and their children of Chester, divided their time between Reno and the Russian River. . . . The latter vacation spot was also enjoyed by the MARIO FRANCOS and their boys JIMMIE and JERRY.

A plane trip home (which was their first experience at flying) climaxed the end of a super vacation for RODGER and RUSSELL AXT of Theta, after a five-week visit with Grandparents IVAN WAGNERS in Ojai, Calif. In general the two travelers had themselves quite a time, when they visited Disneyland, Long Beach, etc.

The boys arrived home in time welcome their uncle back to the states, on his return from construction work in the Bikini Islands. Their uncle enjoyed a few days here visiting with the family before returning to his home in Ojai.

Grandparents, aunts, uncles and cousins by the dozens arrived last Sunday at the JONES home on Vista Grande to honor MASTER RAYMOND who had just turned five. . . . On the previous Friday (August 17) the birthday boy shared a "cowboy" party with 14 little friends.

EAGLES CORNER

By Dell Fehl

"Will we see you at the Eagles picnic?" is on just about everyone's tongue around town, because as we all realize the event is this Sunday.

Starting time is 9 a.m. The committee is working overtime to make this year's outing the best ever. Every detail, no matter how small, has been gone over again and again.

Although this may seem a trifle unnecessary and repetitious, let's give a rundown on the details of this exciting day.

This is not a picnic for Eagles only. It is one for Eagles and their friends. Bring your neighbors, your relatives, the people you work with and anyone who enjoys a good time. Let's also repeat that it is a picnic for both young and old.

I firmly believe the best point of the day is the very minimum expense require. Tickets for adults are only $1, and every kid is admitted free of charge.

Here is what the Aerie offers for the $1 charge: free beer (22 barrels), free dancing from 1 p.m. on, free ice cream bars (1200 of them), 75 cases of free soda water and on and on.

Also to be offered are races for the kids and grown-ups, with all sorts of prizes.

What more can be said?

About all is to make a phone call now, either to PLaza 5-0504 or PLaza 5-4285 for your tickets.

See you Sunday.

PERSONALITY SKETCH . . . Over 35,000 interviews . . . from Gertrude Lawrence to Vice-President Nixon! Great writers . . . world famous statesmen . . . artists . . . scientists . . . beautiful starts . . . guests from every walk of life . . . that's the impressive record of "San Francisco's first lady of television," charming Marjorie Trumbull.

West Coast editor on NBC-TV's "Home," hostess on "Sunday Supplement" (KRON-TV, Sundays, 3:30 p.m.) daily columnist for the San Francisco Chronicle, Mrs. Trumbull is one of the leading television personalities in the country and a talented writer. Four times she has been awarded the outstanding personality and program awards from Northern California's Television Academy of Arts and Sciences.

As we talked last week in her office and reminisced about her "Top of the Mark" radio program which she conducted for ten years and where we first became acquainted, we were thrilled at her exciting experiences and impressive accomplishments in a few short years. She is without a doubt one of the most skillful interviewers in television, she has a knack of bringing out unusual facts about people and making the viewers feel as though they really know them. Her programs are consistently of a high caliber and reflect her thorough understanding what is good television. . . . programs that are informative as well as entertaining. She possesses a zest for living and people and both her programs and writings reflect this enthusiasm.

Mrs. Trumbull is a shining example of a successful career and homemaker. A resident of Marin county she is happily married to a land and ranch appraiser and they have a son, Bob, who has also starred in local television and was selected as "Henry Aldrich" for a coming television series.

Asked about some of the highlights of her fabulous career, she immediately replied, "One of the most exciting things I've ever done, except having my son, was seeing a little bit of the world which included visiting Ireland, Spain, Paris, Rome and Egypt." With a week filled to overflowing with interviews, appointments, television, Marjorie said she still has time for hobbies. She is taking flying lessons in a seaplane, swims and enjoys reading. Also she said she is writing a book.

We left the dynamic star greatly stimulated by her exciting life . . . and just a little in awe of how one person could accomplish so much . . . it just doesn't seem like there would be enough hours in the day. Already she has accomplished more and experienced more than a dozen other people have in a lifetime. Truly San Francisco can be justly proud of her "First Lady of Television."

panying her on the trip is BETTY BOLTS, neice of Winifred Evans on Willits.

Seen on a recent "evening out" at the Geary theater were the members of the Jolly Nimble Thimble club in Callan Heights. The stage play, "Teahouse of the August Moon," was a new experience for some and enjoyed by Barbara Baughn, June Gaviglio, Mary Loskutoff, Vera Whitaker, Helen Risso, Lucille Hansen, Norma Fillmore, Betty Davi, Terry Mortara and Barbara Vollers.

Guest Minister To Preach Sunday At Temple Baptist

Dr. Maurice P. Jackson will preach Sunday at Temple Baptist church in the absence of Rev. M. G. Berglund. His topic will be "Discipleship," while scripture will be Matthew 16:21-28.

Dr. Jackson is a graduate of Ottawa University, Ottawa, Kansas, where he received the Bachelor of Arts degree in 1939. After study at Central Baptist Theological Seminary in Kansas City, he came to Berkeley and received the Master of Arts degree in 1942 and the Bachelor of Divinity degree in 1943 from the Berkeley Baptist Divinity school.

He has had considerable experience in various types of Christian work, including pastorates in Kansas. Before coming to the faculty at Berkeley he served as Minister of Education at the North Shore Baptist church of Chicago.

Deeply interested in youth work and Christian education, Dr. Jackson has become one of the most popular youth speakers on the Pacific Coast and is in demand for such speaking engagements throughout the area of the American Baptist Convention. He served several years as a Cell Group Leader at the National Youth Conferences at Green Lake. During the summer of 1949, he served as a leader of one of the European Caravans of the Baptist Youth Fellowship, working in summer service projects in many European countries.

Professor Jackson came to the faculty of Berkeley Baptist Divinity School in 1945 and has been head of the Department of Practical Theology and Religious Education. In 1950 the department was divided into two full departments and Professor Jackson became head of the Department of Practical Theology and field work.

The Honorary degree of Doctor of Divinity was conferred upon him at the commencement convocation of Berkeley Baptist Divinity school on May 8, 1951.

Rabbi Stillpass Arrives Here At New Post

Rabbi Leo Joseph Stillpass arrived with his wife and children during the past week to occupy his position as permanent Rabbi of Temple Judea.

The Rabbi, who was former spiritual leader of Temple B'Nai Israel at Galveston, Texas, is now available for consultation and service at the office of Temple Judea. Those who have not met Rabbi Stillpass, as well as members of the congregation, and friends, are cordially invited to attend Sabbath Eve Services this Friday at 8:30 p.m. at the Temple House of Temple Judea, 95 South Mayfair. As is the regular custom, reception and social will follow the service.

Temple Judea extends a warm welcome to the following new members who have joined the congregation during the past week:—Mr. and Mrs. Morton Waterman, Mr. and Mrs. Irwin Salk and Mr. and Mrs. Lewis Rubin.

All members and non members who wish extra seats for the High Holydays Services to be held this year at the War Memorial Community center, Mission street at Alp avenue, are urged to contact the Temple office immediately, PL 5-9463, or mail a check payable to Temple Judea—$10 per seat, and tickets will be forwarded by return mail.

Cost of tickets may be applied toward membership, which also includes Religious school and Hebrew school for those interested. Children of public school age (kindergarten and up), are eligible for enrollment in the Religious school. Registration for enrollment should be made now as classes are rapidly being selected for the Fall term to commence in September.

St. Martin's To Move Services To Community Hall

Starting Sunday, September 9, services for St. Martin's Episcopal church will be conducted from the Westlake Community hall located at the end of Park Plaza drive, southeast of the shopping center.

Every Sunday thereafter until the new church is built the 9:30 a.m. family service and 11 o'clock sermon will be held at the center, however, the 8 o'clock communion service will remain in the basement of the vicarage at 94 Palmdale avenue, according to The Reverend Allen J. Downey, vicar.

The move was necessary because space at the vicarage was not sufficient to accommodate the many families that have been attending the church.

Nursery facilities for pre-school children will be available at the 11 o'clock service and Rev. Downey requests that families living in the area should contact him at PLaza 6-3514 if they are interested in having children cared for during the service.

CONCERT ASSOCIATION PLANS COMING SEASON

Plans for the coming musical season were the main subject of discussion at the meeting of the Vista Grande Concert association board of directors last Tuesday evening at the home of Mr. and Mrs. Thomas Brewer.

Possible extension of the work of the Concert Association in the direction of music appreciation and other types of activities in the music field for young people was given consideration. A committee was appointed which will bring in a report at the September meeting recommending what can be done by the association along these lines.

Thomas Brewer, who has been president and guiding spirit of the concert association since its inception, announced that he could no longer serve in this position, since his business would be taking him out of town for the next few months. Jay Irick was elected president for the coming year, and Leonard Brown was chosen treasurer by the directors.

In addition to Mr. and Mrs. Brewer, present at the meeting were Mr. and Mrs. Merle Barton, Mr. and Mrs. Leonard Brown, Mr. J. Christians, Mrs. Charles Douglas of Pacific Manor, Mrs. Julian Cohn, Mr. and Mrs. Jay Irick, and Mr. and Mrs. John Mitchell.

Westlake Lutherans To Hear Speaker

Dr. Gaylerd Falde, California District President of the Evangelical Lutheran church, will be the guest speaker at Westlake Lutheran church this Sunday at the 10:30 a.m. worship service.

Dr. Falde is in charge of the Lutheran church work for the California District which is made up of California, Arizona, Nevada and Hawaii. Much of his work has to do with the supervision of the home mission work of the Lutheran church. At present the Evangelical Lutheran church is establishing one new congregation every nine days. Westlake Lutheran is one of these new congregations.

The guest will not only preach an inspirational sermon but will give information as to the plans and procedures of organization in regards to Westlake Lutheran. He has stated that the Home Mission Department of the Evangelical Lutheran Church is ready to spare no expense or effort to see the establishment of the congregation here off to a good start. The congregation is still seeking property on which to build its new church. Upon the securing of a site the plans for building are immediate.

The congregation continues to meet at the Serra theater and warmly extends the invitation for all to attend.

OLPH Hastens Festival Plans

OLPH's "Tops of The Hill" festival committee is busily burning the proverbial midnight oil in firming arrangements for the gala three-day event, scheduled at OLPH auditorium September 21 through 23.

The committee, which promises one of the biggest attractions in Daly City history, meets each Monday night in intensifying preparations.

Promotion chairmen for the affair are Bud Lycett and Mrs. Milan Stanley. They will award a two-weeks trip to Hawaii to one lucky winner, plus free jaunts to Las Vegas and Reno or the cash equivalent to other ticket holders.

Mrs. Irene Ercolini has replaced Mrs. John Coleman as record booth chairman. She says the booth will be stocked from A to Z in musical offerings, ranging from the "long hair" variety to the controversial "rock 'n roll."

For bird lovers, particularly parakeets, chairmen Ralph Hall and Audrey Sallade will offer a flock of the feathered species in handy bamboo cages.

Laguna Salada's Cost Per Pupil Lowest In County—Lucas

Cost per pupil in the Laguna Salada Elementary School district ranks as the lowest in San Mateo county, Superintendent Frederick Lucas said this week.

This year the cost per pupil, based on average daily attendance, will be $256.

According to the superintendent, pupil costs in Laguna Salada have been consistently under those of other counties in the district since 1950. During 1954-55, when last specific comparative figures were available, the average cost per pupil throughout the county's 23 districts was $263, while Laguna Salada's cost per pupil was $225. This ratio has continued during the past two years, Lucas said.

Honeywell Performs In Kezar Go Tonight

Jefferson's Jim Honeywell, one of the best prep backs ever developed in Northern California, will fill a starting halfback slot tonight in the second annual West Bay-East Bay grid classic at Kezar stadium.

The 6-1, 190-pounder, is rated a top threat in the West attack. A split'T quarterback wizzard with the Indians last season, Honeywell will enter Stanford next month to join the ranks of the Chuck Taylor football legions.

An outstanding runner as well as a strong passer, Jim was instrumental in the 20-6 victory rolled up by the North All Stars over the Southland's best earlier this month in Los Angeles.

Last year in spearheading the Jefferson attack, Honeywell was named to the All-PAL and All-North PAL teams and was selected "Northern California Back of the Year."

MARCHBANKS PARK PIRATES INVADE HILLS IN BURIED TREASURE SEARCH

MARCHBANKS PARK
By Leslie Linhares

A band of pirates from Marchbanks park invaded the hills in back of Edgewood park in search of buried "Treasure." Armed with a list of articles the groups forged forth into the hills. One Lincoln group quickly found one of their articles. Spured on by this discovery the other groups turned over rock and roots and succeeded in finding more of the treasure list. Finally the Marchbanks band, headed by Captain Jim Hamilton and followers Bill Nichols, Fred Irwin, Bob and Art Rasmussen and Dale Westron, found the last of the articles and won the Treasury of Hershey bars.

COMMUNITY CENTER
By Bill Mendosa and Marvin Comstock

The sign ups for the coming ping-pong tournament, which starts on Monday for high school students, has been attracting a great many participants. Some of these are Ron Kalinin, Doug King, Bob Wisman, George Crist, Tom Cloutier, Peter Garcia, George Ojakian, Tim Curtin and Mike Kordoulis.

Morning activities, for elementary youngsters only, also have been proving quite successful. The morning organized games include dodge ball, sock out, crab ball, bat ball, etc. Paddle pool, checkers and tumbling is also available to all those interested in participating.

ARTS AND CRAFTS
By Jim Hough, Dorothy Chase and Roberta Taylor

Arts and Crafts exhibit was enjoyed by all visitors to the Community Center last Wednesday and Thursday, August 22 and 23. A larger turnout than expected was on hand to witness the variety of objects made by the youngsters during the Recreation departments summer program. Some of the exhibited articles were: paper mache, copper work, ceramics, pyrolace belts and key chains, drawings and paintings, and wood-burning material.

Entrants may claim their items from August 27 to 31 during the regular craft period. On September 1, all unclaimed materials will be stored at the Community center, where they may be obtained at any time.

Congratulations to all those who won ribbons for their outstanding work during the summer.

MOVIE
By Rich Watso

The antics of Bugs Bunny, Porkey Pig, and Daffy Duck again left the children with a little extra chuckle. This was the last week of the summer cartoon program. Next week the greatly heralded and much awaited "GORILLA" will be the main feature to close out the Summer Movie program for 1956. Don't miss this thriller.

LINCOLN PARK
By Mike Sibitz

Tetherball is once again back on the popularity of games at Lincoln. Champ Craig Garcia still holds the crown. Chinese checkers and cards are the favorite quiet games for Leland Rowe, Henry Anduha, and Mick Shea. Crazy Eights is the favorite card game while canasta ranks second.

Among the 56 attendents at the skating party were John Torres, Jerry Thomas, and Ron Sfazro as beginners. Carole Smyser, Jim Pierce, and Betty Ann Molina had the looks of professionals.

New Pisa Juniors Split Over Weekend

Behind three-hit pitching by Terry Christman for five innings, and one hit in each of the other two innings by Terry Cozad, Dante's New Pisa Juniors defeated the Johnny Shell Juniors 10-5 last weekend. Left-handed Terry Christman helped the cause with two of his team's ten hits.

Real hitting star was Tom McHugh, who batted four for four polishing off the scoring with a three run homer in the sixth. Duke Jones got two hits and scored ahead of McHugh on a walk in the sixth. Other two safeties were divided between Richy Morales and Mike Rovai.

Barry Krohn accounted for eleven put outs at first, and Christman struck out three and Cozad three together with a put out at home gave seven to McHugh.

A new keystone combination fielded by St. Cecilia's, sparked their nine and the New Pisa lads were smothered 13-4 on Sunday. Stan and Steve Rubin, just out from Iowa where they played on a national championship Little League team got seven for eight between them and accounted for most of the St. Cecilia runs.

Tom McHugh continued to pound the ball with three for three and lifted a three bagger in the first that scoring Barry Krohn, who had doubled ahead of him. Richy Morales scored on Krohn's double and Mike Rovai brought Tom in with a hit but was out at second trying to stretch his single. The only other tally was a long home run by Terry Cozad in the second.

A former Creighton player, Sonny Stoller, came on to pitch for St. Cecilia's in the sixth and seventh and held his former team mates hitless. New Pisa will meet the Podesta team on Saturday at Marchbanks and will play South San Francisco Optimists at Orange Memorial Park, South City, on Sunday.

DC Braves Eye Revenge Win Vs. Petaluma

Daly City's Braves trek to Petaluma Wednesday night in an attempt to break into the win column for the first time against the Petaluma Optimists.

In four scraps to date, the Marin County nine has conquered the Braves on each occasion.

In action last week, the Daly City horsehiders stopped West Portal, 5-2, in a Wednesday affair, but lost a Sunday doubleheader to the Optimists by scores of 1-0 and 5-1.

Kelly Oliveras was the key man in the West Portal game, although he had to be relieved by shortstop Paul Clima. Oliveras was removed after complaining of a pain in his side.

Oliveras lost the 1-0, extra-inning heartbreaker in the first of Sunday's tilts with the Petalumans. Kelly yielded only 3 hits and walked 4, but his mates mustered only 2 hits to help his cause.

Dennis Draper was the starting and losing Brave hurler in the nightcap. Clima again came in as a reliefer in the fifth inning.

There will also be time for fun during the week long camp, Mrs. Jack Dreyfuss, JRC chairman, said.

Peter Pollat, for the second time, led his Westlake park softball team to a decisive victory over the Westlake school team by a score of 26 to 4. Pete accounted for three singles and a double and scored twice while Mike Tarens crossed the plate four times for the winners.

The game was fairly close at the end of the fourth frame, with the score only four to nothing in Park's favor, however, a ten run rally in both the fifth and eighth innings broke the game wide open.

Larry Seagle, Dick Smith and Ronnie Giuffre each collected two hits for the losers.

Skipper Smith, Chris Trapani, Ed Kiplowitz and Jim Albrecht turned in outstanding performances for the winners.
